1. Funding plan

#### Faculty of Theology

The following funding rules apply for doctoral candidates. For further details, see §23 of the «Ordnung für das Wissenschaftliche Personal an der Universität Basel» (OWP¹) and the document «Hiring and advising doctoral candidates at the University of Basel» («Anstellung und Betreuung von Doktorierenden an der Universität Basel»):

Doctorate with a structural position	The position of research associate with a master's degree or		
(Research associate with a master's	equivalent with the aim of obtaining a doctorate is limited to		
degree <sup>1</sup> )	one year with the possibility of a three-year extension.		
	The position of project assistant is limited to the time span of		
Doctorate with a non-structural position	the externally funded reserach project. It can only be		
(Project assistant¹)	extended within this period and under the condition that		
	sufficient funds are still available to the project.		
	The doctoral candidate is not employed at the University of		
Doctorate without an employment contract at the University of Basel	Basel and therefore responsible for securing his/her own		
contract at the oniversity of Basel	funding.		

The maximum term of employment is four years. If it is absolutely necessary for scientific training, and in particular if family responsibilities are involved, the appointment may be extended by a maximum of one further year in justified cases. Further particulars are determined by the OWP¹ of the University of Basel and by the policies of any additional funding sources. If the extension of the contract is viewed critically by the first supervisor and/or the person responsible for the position, a meeting on the state of affairs shall be held with the doctoral committee (if this has not yet been formed, the meeting should include the chair of the committee for doctoral studies or another person delegated by that committee).

If the contract as assistant is not extended after the first year, this must be justified by the doctral committee to the committee for doctoral studies in writing. In the case that an extension is not granted, it is recommended to inform the doctoral candidate at least three months before the end of the contract. Written notice at least two months before the end of the contract is required for doctoral candidates with a structural or a non-structural position. If the doctoral candidate is not informed about the non-extension at least two months before the end of the contract, the organizational unit can, at the request of the doctoral candidate, extend the expiring work contract by a maximum of two months at the cost of the professorship. In all cases, the doctoral candidate's position will automatically end, in accordance with the contract, at most 6 months after fulfilling the requirements for the degree, except in teh case of illness or parental leave.

In addition to the doctoral agreement, the doctoral candidate should consult the <u>Beratungswegweiser</u>, which contains further information on maternity/paternity regulations, compulsory Swiss military, civil defense and fire services, and any deputy regulations that may result from these.

The doctoral candidate hereby confirms that he/she has received the link to the **Beratungswegweiser**.

- 4 b) Following the meeting with the doctoral committee, the annual review meeting shall take place. The first meeting shall be conducted within six months of beginning doctoral studies. The decisions made and goals set during this meeting shall be documented below. The annual review meeting serves above all to support the progress of the doctoral candidate's research and work on the thesis (or other agreed upon form of evaluation). In addition, the following points may be discussed:
  - Working conditions (only if employed by the University of Basel)
  - Career prospects
  - Potential changes to existing agreements
  - Optional: publications and teaching opportunities
  - If applicable: approvals relating to the research project (data protection, research ethics, etc.)

It is the doctoral candidate's responsibility to take the initiative in organizing a date for the annual review meeting. The doctoral candidate shall report to the Dean of Research that the meeting has taken place.
